

14 Reasons To Choose

1. TTG label stock is the only stock to have been approved by all the major tape and library manufacturers.

FUJIFILM

maxell

ORACLE

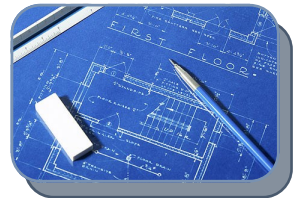

Quantum

SONY

TANDBERG DATA
Securing your Information

TDK

2. TTG labels are designed to meet or exceed all manufacturer's specifications.

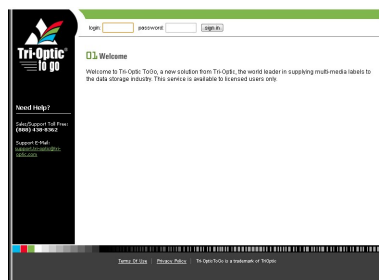

3. Tri-Optic ToGo label stock uses a non-reflective, proprietary matte top coating that eliminates reading issues.

4. NO SHIPPING COST!

5. NO SOFTWARE COST!

6. NO YEARLY FEES!

FREE TECH SUPPORT, MAINTENANCE & Upgrades.

Changes Completed August 2013

Includes: Search criteria by client, part #, past print history, configured history, view an existing print run, modify and continue a print run and, additional reporting options.

7. TTG's per label cost model means you pay only for what you use, not for what you throw away!

8. TTG stock is more rigid than the competition, allowing them to be applied up to 30% quicker. The thicker stock goes on tapes with no wrinkles, and more accuracy.

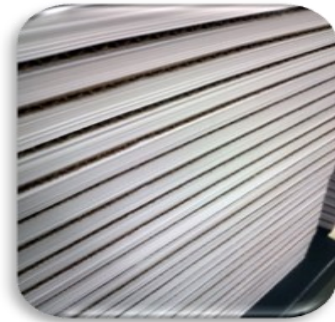

9. 100% Uptime! Print labels anywhere with our web-based solution.

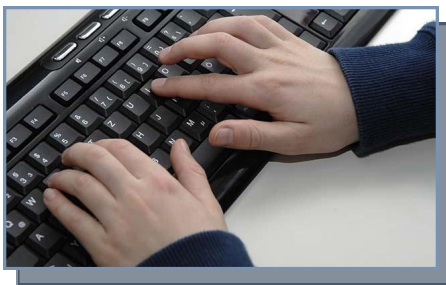

10. Non-standard 9-16 character, logo and base 36 labels available.

11. Ordering small or large quantities of labels is made easy with TTG 50 sheet packs. Our stock comes packaged with a cardboard backer to keep stock flat and a polypropylene storage bag to keep moisture out.

12. FREE Training & Setup

13. FREE Branded TTG Catalogs and Literature

14. Live Tech Support Team
